## REMARKS

We have been getting quite a bit of undated and, in some cases, unsigned correspondence in OL Registry for processing. Perhaps the attached notice will call attention to that fact and improve procedures.

DO NOT use this form as a RECORD of approvals, concurrences, disposals, clearances, and similar actions

OFFICE OF LOGISTICS CORRESPONDENCE

1. It has come to my attention that all copies of Office of Logistics correspondence (primarily memoranda) are not being annotated with a signature stamp bearing the signer's name and a date stamp indicating when the document was actually signed. It cannot be emphasized enough the importance of properly annotated correspondence. An unsigned, undated document does not provide an accurate record of events.

2. Please review your current office procedures and, if necessary, institute changes to ensure that all copies of correspondence prepared in your office reflect the actual date and signer of said correspondence.
